Hand Us That \$.

Commercial Club Meets Tonight.

Cut your weeds.

Tobacco cutting is almost over in this county.

Remember the speed limit—six miles an hour.

Chief Buck will get you, if you don't watch out.

Garrard county will have a bumper crop of corn.

Good shows every night at both picture houses.

The Grand jury has returned about forty indictments.

A mighty good show at the Auditorium tomorrow night.

If winking at a pretty woman affords you pleasure, try it on your wife.

The postmaster general has kindly granted permission for mail carriers to deliver in automobiles. R. Ford says he needs an automobile on that road of his about as bad as the Devil needs a fire.

You don't have to go to war to be patriotic. Improve your locality, uphold your own, enlarge its interests, and lend a hand to progress, and you are a patriot—a lover of your country—as truly as a soldier who shoulders his musket.

BALL GAME

The Paint Lick boys will cross bats with Point Leavell on the latter grounds next Saturday afternoon. This will be a good game and should draw a good crowd.

DEMOCRATIC CAMPAIGN.

The Democratic campaign will be formally opened at Glasgow, Monday, September 20th, when Hon. A. O. Stanley and Judge James Black will be the principal speakers.

ATTENTION PARENTS.

Inasmuch as there will be no class organized in the First Grade of the Lancaster Graded School in January of this school year, all parents, having children eligible to enter the school during the year, are advised to enter them now.

M. L. Caneer.

GOOD HOME TALENT PLAY.

You should be sure and see "The Elopement of Ellen," which will be presented at the School Auditorium tomorrow night (Friday) by the Senior Christian Endeavor. In another place in this issue we print the program and the cast of characters.

CAR BURNS.

Mack Hendren of Bryantsville lost his new Overland car Monday when he investigated his engine with the aid of a match. The gasoline tube had broken and while attempting to locate the trouble the gas exploded and the car burned in about twenty minutes. Mr. Hendren was unhurt.

GETS JUDGMENT

Two days of last week was taken up with the case of Homer Bland against the L. & N. railroad and resulted in a judgment for the plaintiff in the sum of \$5000. Mr. Bland fell or was thrown from the train near the depot in Lancaster about a year ago and received injuries about the head which rendered him unconscious. He sued for \$15,000. The case will be appealed.

GOES TO SOUTH AMERICA.

Walter Hudson who has been spending his vacation with his parents, Mr. and Mrs. B. F. Hudson, left Monday for New York, from which place he sailed Tuesday to Ecuador, where he has accepted a position as mining engineer with the South American Development Co., miners of gold and silver. Mr. Hudson recently gave up a position with the Guggenheim interests in Chile, that he might accept this more lucrative position.

SWAT HIM.

Because the fly is small and does not roar like a lion or devour its prey at a mouthful, mankind pays little attention to it. But the fly is as deadly a foe to civilization as any of the pests of more fearsome aspect, which man makes it his business to exterminate. The fly's attack is insidious and therefore the more to be guarded against. He buzzes into the house, drops his deadly disease germs where they will fertilize and burrows out again to pick up a fresh cargo. Swat him, he is your enemy.

NARROW ESCAPE

Last Friday morning a run-a-way team hitched to a farm wagon ran into the buggy occupied by Mr. and Mrs. John Simpson, completely demolishing the buggy and throwing both occupants out. Mrs. Simpson was rendered unconscious for a short while, but soon came round alright and aside from the shock is not seriously hurt. Mr. Simpson escaped with minor injuries. The accident occurred about one mile from town on the Crab Orchard pike.

SPEAKS IN STANFORD

Hon. Edwin P. Morrow, republican candidate for Governor, will speak in Stanford next Saturday afternoon.

LABOR DAY.

The only evidence we had that last Monday was labor day, was the closing of the post office; every body but Postmaster Brown was busy.

NEEDED IMPROVEMENTS

The L. & N. has had a force of workmen for the past week making some needed improvements at the local station, for which the public should be grateful.

GOOD CIRCUS.

About twenty-five people from here "took in" the Robinson circus at Richmond last Tuesday. Believe me, it was some circus and 25 of the funniest clowns you ever see'd.

STATE FAIR BEGINS MONDAY

The thirteenth exhibition of the Kentucky State Fair will begin in Louisville next Monday and continue for six days. Every body in the state should attend this fair at least one day.

"GOODY-GOOD"

The Interior Journal says: "Prohibition won at Montreal, Quebec. It wasn't the state-wide sort we heard of prior to August 7th, but a fleet-footed thoroughbred which had been given that name."

The dam of Prohibition, was Goody-Good. Do you tumble?

TRY A FORD RUNABOUT

The Harrodsburg Herald says: "There is still an untried field for enterprise. No automobile manufacturer makes anything to take the place of the 'hug-me-tight' buggy of the good old days of long ago. No steering device will ever succeed the horse that was trained to keep the road with the lines tied around the whip."

ANOTHER DISCONTINUED

Postmaster Brown has received official notice that the post office at Marksbury will be discontinued in a few weeks. This will prove an inconvenience to those living on the Lexington pike and near this little hamlet and will necessitate them putting up mail boxes, that they may be served from the Star Route that runs between Lancaster and Nicholasville.

HELP US.

Never find fault because a newspaper fails to give every scrap of news so long as you take no pains to give the editor information. The average editor isn't a medium of a mind reader, but he gets the news the same way that a milkman gets his milk—by pumping. This is true especially of that class of items as personals. Rightly they are not "puffery", but simply personal mention for the information of local readers and those having friends visiting them should always let the local editor know it, and he will always be glad to give it the proper notice. So if you have a bit of news worth printing put it in the way of our pencil pusher.

HAY PITCHER.

How Owsley Stanley had time to study law and run for Congress will always remain a mystery. Already 368 farmers of Boyle county have come forward with the statement that the future governor "pitched hay for me every summer and I never had a better hand."

Kentucky's other great statesman, was known as a "rail splitter". Owsley seems destined to go down in the annals of history as a "hay pitcher".

Truly we have reached the when posterity and social rank help only the mediocre, —genius needs no such stilt. It was a long way from "rail splitter" to President and a long way from "hay pitcher" to Governor. We know Abraham split rails, because we have seen them. Look out for a whisk of hay in future museums.

THIS IS A FACT.

An example of how badly a purchaser wants his new automobile says the Danville Messenger is shown by the action of our friend, Clay Sutton, of Garrard county. The agent who took Suttons order also sold two other cars at the same time, and all were to be delivered together. However, he got a tip that the agent was headed for Lancaster with only one car. Residing on the Lexington road, over which it was to arrive, he took his position on the front fence at his home, and, with check in hand, watched for the coming car. When it hove in sight, Mr. Sutton ran into the road and "held up" the agent. Waving the check in his face, the car was demanded in such insistent terms that the agent turned it over to Sutton and walked on into Lancaster to meet the two other buyers who were equally as anxious but not quite so enthusiastic as Sutton. He drove his new car to Danville Sunday and was as proud as a boy in his first pair of "britches."

S. D. COCHRAN APPOINTED

Delegate to Irrigation Congress.

Gov. McCreary has appointed Mr. S. D. Cochran of this place as a delegate to the International Irrigation Congress which meets at San Francisco on September 13th to 15th.

GEORGIA LYNCHERS

Not Indicted By Grand Jury.

A dispatch from Marietta, Ga., says. The Cobb county grand jury reported late yesterday that it had been unable to find enough evidence, after two days devoted to examination of witnesses, to indict anyone for the lynching of Leo M. Frank. The report stated: "We have found several clues, but we have been unable to find anyone who could identify any person. We have done our best, under our oath, and we regret to state that we have been unable to find enough evidence to indict anyone for this crime." More than thirty-five witnesses were examined.

\$3.60 ROUND TRIP

TO LOUISVILLE.

On account of the State Fair, the L. & N. will sell round trip tickets to Louisville Sept. 13 to 18, good returning as late as Sept. 22, for \$3.60.

REDUCED RATE

TO LEXINGTON.

On account of the races the L. & N. will sell round trip tickets to Lexington and return, Sept. 9 to 11th good for three days not including date of sale, for \$1.75.

GOOD PLAY AT SCHOOL

AUDITORIUM SEPT. 10th.

The Senior Christian Endeavors are preparing an excellent home talent play to be given at the School Auditorium Sept. 10th. The Society has secured at a price of twenty dollars royalty, the use of the play, "The Elopement of Helen." Notwithstanding the expense of staging such a play, the prices will be very reasonable. Reserved seats, 35 cents; Admission, 25 cents; All school children 10 cents.

NO GOVERNMENT BUILDING FOR SHELBYVILLE.

"If they can't get pudding, they won't have pie" is very applicable in the case of the new Government building for Shelbyville, her citizens refusing to accept a brick building and insist on one of stone. The result being they won't get either, at least very soon, according to recent dispatches from Washington. Lancaster would like to have a stone building, but she will accept one of brick. Come on, Uncle Sam, we are not hard to please.

SPEED LIMIT LAW

TO BE ENFORCED.

The city council at its meeting last Monday night instructed Chief of Police Orville Buck, to enforce the law regarding fast driving of automobiles and motorcycles in the city. This law has been disregarded by so many, that a few fines will teach the offenders a lesson. Several near accidents have occurred recently and if a stop is not put to it at once, it is only a question of time until some one is seriously hurt. Another law is being openly violated every day when parents permit their children to drive their cars. This can only be permitted while the parent or parents are in the car at the time.

VOTE FOR TOM BALLARD.

For Sheriff

To the voters of Garrard County:— It is generally known that the late Curt A. Robinson was elected sheriff of Garrard county by one of the largest majorities ever given any man, and that George T. Ballard Jr., was his chief deputy. George T. Ballard Sr., his father, being a partner with Mr. Robinson in the emoluments or fees of the office. If Mr. Ballard is elected for the two years, yet remaining of the term, he is pledged, and justly so, to give the widow of Mr. Robinson half the profits or fees of the office, which as certainly belong to her as any property he left her. The truth is, an office is a most sacred property right, being bestowed by the people, the highest authority, and it would be the grossest injustice to deprive the holders of such property of their rights. It is not believed that the voters of Garrard county will overlook the principles of justice and equity in this race. If the office belonged to Robinson and Ballard before Mr. Robinson's death, the remainder of the term belongs to Ballard and Mr. Robinson's widow.

If the voters will calmly consider this, as a matter of right and justice, they will not recall or revoke what they have done, and Tom Ballard will be elected by an overwhelming majority.
